Warrant for Annual Town Meeting

(L. S.) STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of North Hampton in the County of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said North Hampton on Tuesday, the Tenth (10th) day of March next, at one of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see what action the Town will take regarding the accepting of State Aid for roads.
4. To see if the Town will appropriate the sum of One Thousand Dollars to regrade Walnut Ave. so called from Stratham line to Post Road.
5. To see what action the Town will take regarding the purchase of suitable fire apparatus and appropriate money for the same.
6. To see if the Town will appropriate the sum of One Hundred Dollars for the care of the Centre Cemetery.
7. To see what action the Town will take regarding the payment of the street lights for six months of the year in the precinct and appropriate money for the same.

8. To see what action the Town will take regarding the placing of a traffic beacon at the junction of Woodland Road and Atlantic Avenue and appropriate money for the same.

9. To see if the Town will appropriate the sum of One Hundred and Seventy Five Dollars to place a boulder on the Meeting House Green Memorial Park at Hampton, N. H., as a tribute to our forefathers.

10. To see what action the town will take regarding the suppression of the White Pine Blister Rust and appropriate money for the same.

11. To transact all other business that may legally come before said meeting.

Given under our hands and seal, this Tenth day of February, in the year of our Lord nineteen hundred and twenty-five.

Report of Library Trustees

During the past year, 70 new books have been purchased and of these, 44 were fiction. At the present time the library contains about 2,760 volumes, of which about 1,580 are fiction. The same magazines have been provided for the reading room as in preceding year.

The trustees recommend that a few ornamental shrubs be planted on the library grounds, and accordingly we have included in the budget item, "Miscellaneous" an amount which we deem sufficient for this purpose.

We would welcome any suggestions as to improvements in the service which the library is giving to our people.

The library expenses for the past year were as follows:

Salary of librarian	\$100.00
New Books	128.54
Magazines	12.50
Fuel	83.00
Lighting	15.50
Miscellaneous	32.25

\$371.79

We estimate the expenses for the coming year as follows:

Salary of librarian	\$100.00
New Books	200.00
Magazines	25.00
Fuel and Lighting	75.00
Insurance	65.00
Miscellaneous	135.00
	<hr/>
	\$600.00

We therefore recommend that the above named account of \$600 be raised for library expenses during the coming year.

REPORT OF THE SUPERINTENDENT

To the School Board of North Hampton:

I hereby submit to you my second annual report as superintendent of your public schools.

We are working for improvement with the means afforded. A more regular daily attendance is resulting and an increasing disposition of pupils to conform to standards that lead to character and improvement in scholarship. "Do It Right" and "Better Scholarship" are ideals set for supported by intelligent cooperation of parents will in time bring the results desired.

It is not unusual for a complete change of teachers to occur at once. Such a change is a drawback, especially when the loss of strong teachers is involved. It takes time for a new staff to adjust itself and the schools suffer in the process. However, the new teachers this year are well prepared and have entered upon their work in excellent spirit.

The usual medical inspection was completed in October, conducted by Dr. Ward, assisted by the Hampton school nurse. The following defects were found and reported:

Malnutrition	18
Defective teeth	46
Enlarged tonsils	40
Adenoids	6
Unvaccinated	47

22 treatments and 3 vaccinations have been made since the last examination a year ago. For further information I refer you to the report of Dr. Ward. While some parents have made a serious attempt to have defects corrected undoubtedly much more could have been done with the assistance of a school nurse. In addition to the dental clinic I suggest the part-time services of a nurse, who would assist at the clinic, advise with parents, and visit the schools regularly for health

supervision and instruction. I also urge more adequate provision for noon lunch and milk service.

The latter when organized would be self-supporting.

In a Union the size of ours close supervision of class room work is quite impossible. A superintendent's work of necessity becomes executive rather than supervisory. His best service lies in the assistance he can render to School Boards, in the transmission of aims and encouragement to teachers, and in providing adequate material for good school work. His most difficult task is in securing suitable teachers. School visits merely for their own sake mean little and often lead to waste of time. Monthly bulletins to teachers have been issued throughout the year. The assistance of an efficient clerk in the office has rendered relief from much of the necessary routine and provided time for the larger affairs.

After all the schools of a community are what the people make them, through their financial and moral support. If there are good schools in North Hampton it is because North Hampton wants good schools and provides for them.

For further data I refer you to the tables following:

Respectfully submitted,

H. L. MOORE, SUPT.

February 14, 1925.

REPORT OF THE SCHOOL PHYSICIAN

The second annual examination of the school children of North Hampton was made during the first part of October, and a very gratifying improvement over the previous year was found. A number of the children have had their tonsils and adenoids removed; many have had their defective teeth treated; and some have been

vaccinated.

There is still much to be desired, however, and it is hoped that the townspeople will cooperate more fully as time goes on. It is suggested that a dental clinic be opened in the schools, the work being done at practically cost. Oftentimes, while the parents of a child may want to have his teeth filled, is not convenient to give up the time to taking the child to the dentist's; nor can appointment always be made when one has the time. A clinic in the school would obviate this entirely; the children would lose practically no time from school and the work would be done by a very competent dentist—one who is well qualified to handle children.

The writer wishes again to urge upon the parents the necessity of vaccination. Several small outbreaks have occurred in the New England States during the past year and the only way to prevent such an occurrence locally is by having the children vaccinated.

Respectfully submitted,

A. H. WARD, M. D.
